When We Are Closed

In the case of urgent need when the practice is closed you can call 111 to speak to a triage nurse. Your needs will be assessed, and advice offered, or arrangements made for you to consult with a doctor.

Remember that your pharmacist can also be a useful resource. They can advise whether your symptoms can be treated 'over the counter', or whether you need to speak to a doctor.

Out-of-hours services are generally busy so please think carefully before asking to speak to a doctor and only do so if you genuinely cannot wait until the surgery re-opens.

In a genuine emergency you should call 999. Chest pains and / or shortness of breath constitute an emergency.
